

KLENT RUSSELL AGUILAR

Malolos, Bulacan, Central Luzon, Philippines | 967-217-9685 | klentaguilar@gmail.com | resume-klent.web.app

PROFESSIONAL SUMMARY

Fourth-year Bachelor of Science in Information Technology student at La Consolacion University Philippines with hands-on experience in web development, UI/UX design, full-stack web systems, and manual software testing. Experienced in developing capstone projects, personal websites, and web applications, handling frontend and backend development, database integration, and interface design. Completed an internship at Bulacan Court Employees Multipurpose Cooperative, providing technical support, building a database for RTC file case records, and performing manual functional and usability testing. Detail-oriented and user-focused, with a strong interest in web design and building reliable, well-tested web solutions.

Frameworks & Tools: React.js (Vite), React Native, Firebase, GitHub, VS Code, Figma

Foundational Experience: Node.js, API Integration, CRUD Operations, Manual Software Testing, Functional Testing, Usability Testing, Bug Reporting

PROJECT EXPERIENCE

Q-RUSH — Queueing & Appointment System

2025

Full Stack Web Developer | 2025

- Developed the system to help Barangay Bangkal optimize service flow by reducing on-site queues, minimizing physical crowding, and improving the efficiency of citizen transactions.
- Integrated Firebase authentication with AWS services and Google Cloud APIs (OCR, face verification, email notifications) to automate secure user verification and accelerate queue and appointment processing.

ClockedIN – OJT Tracker System

2026

Full Stack Web Developer | 2026

- Built ClockedIN, a full-stack web-based OJT tracking system using React and Firebase to manage attendance, time-in/time-out, hour tracking, and student records.
- Implemented CRUD operations, report generation, and completion certification to support accurate tracking and internship documentation.
